

# 4<sup>th</sup> Cargo & Mail Security Forum

## Preliminary Agenda

### **Date & Venue:**

4-5 November 2014

IATA Geneva Conference Center

#### **Track Description**

The risk of unlawful interference with an aircraft remains high. Thus air cargo and mail continue to be potential targets.

Regulators, International Organizations and Industry continue to cooperate to strengthen air cargo and mail supply chains. New security tools, standards, solutions and procedures have evolved to meet new regulations. This forum will bring together decision makers, industry and government experts to understand best practices and learn more about critical items facing the industry, such as: the WTO Trade Facilitation Agreement, Secure Freight and e-CSD the Advance Electronic Information, screening technologies and Security training programs.
