

Information from MSC to its customers

COVID-19: MSC offers the option to buy additional demurrage/detention days for LATAM PODs

Recently, MSC has witnessed increasing pressure on various **Latin-American** terminals due to the COVID-19 pandemic.

To cope with the current COVID-19 situation, MSC is offering to help its customers minimise the disruptions to their business by offering the option to buy additional demurrage/detention days at the port of discharge, at a reduced rate.

Additional days can only be bought before sailing. Once the booking has sailed, this reduced rate cannot be applied anymore.
