WIN / WIN PARTNERS
Part 2: Infrastructure Projects

**Automated People Mover:**
- Connects main Terminals and Supports Hub-Process
- 2000 Passenger/hr
- In operation from 2012

**New Terminal 2:**
- Construction will start 2012
- Project Duration 36 month with a cost of 450 Million USD
- Capacity 8.5 Million passenger/yr

Connects main Terminals and Supports Hub-Process

2000 Passenger/hr

In operation from 2012

Construction will start 2012

Project Duration 36 month with a cost of 450 Million USD

Capacity 8.5 Million passenger/yr
Infrastructure Projects

Real Estate Development (AeroCity)

- Entertainment
- Shopping
- Hotels
- SEZ / Logistic City

Seasonal Terminal:

- In Operation
- 1200 pax/hr
- 3.5 Million/yr

Capacity

- Cost 24 Million USD

Approximately 10 million sqm for Development
**Market Stability:**

The last 5 years show a big increase by 22% in the cargo volume.

**Global Crises:**

The global industry affected by the economic crises in 2008-2009 while Cairo Airport increased by 2.7%.

### Cargo Tonnage 2010 vs 2009:

- **For 2010 the total traffic without transit is (310,903) Tons which is 8.8% higher than 2009 (285,839) tons.**
- **Exports increased by 1.01% compared to 2009, Imports increased by 23.73% compared to 2009.**
Main Commodities

Major Export Commodities:

The air cargo industry in Egypt still almost exclusively relies on perishables as a main commodity.

- Perishable exports represent 60% to Europe (AMS – LHR – FRA)
- Textile exports 30% mainly to USA (JFK – LAX)
- Miscellaneous represent 10% (Handicrafts – Equipments & Personal effect)

Major Import Commodities:

- Mainly the received traffic for import comes from Europe (Equipment – Foodstuff – Vaccine & Medicine)
## Part 4: Current Safety & Security Measures

After the Yemen incident of Nov. 2010, it has been decided by the government that all exports shipped from Cairo Airport should 100% X-rayed.

We have managed to provide some more X-ray machines to some Cargo warehouses to accelerate the security process.

Our main aim is to ensure safe Cargo operation and protecting our global market share & follow the international updates especially in the security.
Part 5: Future Safety & Security Measures
